

NIILM University Health Centre

The NIILM University Health Centre operates under the supervision of Mr. Surinder Kumar, a Registered Pharmacist (Registration No. 24108) and Assistant Professor in the Pharmacy Department. Mr. Kumar is responsible for managing the dispensing of medicines and first aid equipment. To further enhance healthcare services, the university has appointed a visiting doctor who regularly attends to the health needs of the university community.

The health centre ensures easy access to medical facilities for all students and staff members, promoting a safe and healthy environment across the campus.
