WHO I AM WITH VISION AND MISSION?

I am one to consider everyone as a microcosm of universe, a limitless existence abounding in limitless treasure to be explored.

In the same vein we look upon all of us as being ones blessed with charismatic qualities to be utilized for the advancement of overall interest and cause of humanity at large on the earth.

The only thing required to this end is meditative approach to delving into deep thoughts & self-exploration leading to emergence of wisdom as a panacea, the magic wand producing efficacious result against all the problems, paving the way to salvation.

I believe in a unitary supreme power creating, controlling and nurturing the cosmos; and espouse the truth: “Individual happiness lies in universal happiness.”

“Vasudhaiv Kutumbakam” (the Globe as a common family) is the vision of my life; and to translate it into reality through our whole-hearted concerted efforts is my mission.

I am for all, and all are for me.

Jai Hind, Jai Bharat !!

MY VALUES:

Being superb creation of God we are all supposed to be excellent in thoughts deeds and conducts; courteous, compassionate and philanthropic in nature. The meaning of my life is to bring about smile on the faces of those who are underprivileged, discarded and dejected in the society. My over-arching mission is to make value addition to the quality of life on the earth.

MY SCHOOL OF THOUGHTS:

I belong to humanitarian school of thoughts: “Live and Let Live”. I share the belief that the existence of all of us has originated from a common source. We are no different from others intrinsically. Our outwardly appearances and differences in mode of behaviours and thoughts are shaped by the environment and society we live in. Sanctity in thoughts generates sanctity in action, leading to successful accomplishment of the mission embarked upon.

MY THOUGHT ABOUT EDUCATION:

Education is not the set of knowledge imparted through a particular channel of communication. It is an incessant journey of enlightenment that sharpens vision removing myth and delusion. It is determined by the passion with which you pursue it. The pompous degrees are never testimony to you being educated.

Just think: Socrates was not Doctorate, but he was personification of knowledge.

Our conducts and response patterns, to a certain extent, showcase our level of education

CONVICTION:

“Individual happiness lies in universal happiness”

Spirit or soul never dies. It is eternal. For sure our conducts of this world shall shape life of hereafter.

ACHIEVEMENTS:

Self-realization leading to connectivity with divinity. Opportunity to serve humanity in messianic role, focussing on destitute, dejected and helpless.

PROFESSIONAL PRIORITIES:

Making every stake holder of the university aware of the “vision and mission” of university binding them to this cause as their ‘Dharma’

Creating congenial atmosphere and performing culture at university.

Undertaking SWOT (Strength, weakness, opportunity and Threats) and productivity analysis of university.

Developing a mechanism for seamless professional working coupled with rewards and corrective measures.

Bolstering supporting forces and removing restraining ones in the way of working.

Establishing admission/marketing division on the pattern of ‘corporate’ bounding everyone from university to contribute to this cause.

Strengthening corporate and academic interface at global level, strengthening the cause of skill education as a panacea to problem of unemployment.

HEALTH STATUS: Excellent.

HONORARY POSITIONS HOLDING:

Academic and management advisor to international universities: University of Reston, USA; Kings International University, Kingdom of Tonga; Commonwealth Vocational University, Kingdom of Tonga.

Academic Advisor to International Centre of Advanced Studies & Research, an American institution offering advanced studies in 'Management' in India.

Secretary-Cum-Administrative Director of 'Global Mission for Human Service and Peace': an NGO committed to ameliorating the cause of deprived and under-privileged lot of society, and promoting peace.
